

ABOUT WPSA

Founded in 1948, the **Western Political Science Association** is an association of more than 1350 political scientists. The **WPSA** is headquartered at Portland State University. The purpose of the Association is to promote the study and teaching of government and politics, to foster research and to facilitate the discussion of public affairs. The official region of the WPSA includes both the western states of the United States and the western provinces of Canada: Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Texas, Utah, Washington, Wyoming, Alberta, British Columbia, and Saskatchewan. WPSA members reside primarily in the western region, but approximately one-third of our members come from outside the region. The **WPSA** conducts an **annual conference** at sites which rotate throughout the region. Approximately 1,100 to 1,300 political scientists participate in these meetings which feature more than 250 panels and other special sessions on politics. The journal of the **WPSA** is the **Political Research Quarterly**, owned and published by the University of Utah. The *Western* is the WPSA's biannual newsletter.
